

# Job: Dental Technician Trainee

Learn a career in the field of dental technology. We will train you - no experience needed. We are experts in training in all aspects of dental technology. You will earn while you learn. If you like working with your hands and are artistic this may be a great career choice. We have been training technicians for 40 years and have helped start hundreds of careers. We use the old school apprentice method; you will learn side by side with a veteran technician. The most important skill needed is an exceptional work ethic.

Some of the people we are looking for:

Dental Assistants  
Computer enthusiast  
Graphic designers  
Gamers  
Artists  
Sculptures  
Model builders  
CAD/CAM designers
